CHECK LISTS

Plants Ready For Experimenters

OFFICE OF FOREIGN SEED & PLANT INTRODUCTION

U. S. DEPARTMENT OF AGRICULTURE

1923 - 1924

Indicate plants desired by placing check marks to the left of the Seed and Plant Introduction numbers of those selected. Plants are allotted to experimenters in the order of the receipt of the returned checked lists. It is to the advantage of the experimenter, therefore, to return the check lists promptly. The Annual List should be kept for future reference.

These lists are for the use *only of persons who have qualified as experimenters* with this Office. If you do not wish to receive and care for experimental plants this year, please return the lists in the accompanying envelope.

Kindly fill out the form below and make no other notes or requests on the lists themselves.

NAME OF EXPERIMENTER.....

MAIL ADDRESS.....

.....STATE.....

EXPRESS ADDRESS.....

Are you willing to pay expressage on plants requested?.....

Are plants wanted for open ground culture?.....

When will you be ready to receive plants?.....

If you have changed your address since last year, give here your old address.....

Delay in the return of these lists will lessen the chance of your receiving the plants you request.

SPECIAL NOTICE

Herein are listed the seeds and plants available for experimenters this season for planting on their own grounds.

Plants are sent from our introduction gardens by express collect. Express charges should not be excessive unless a large number of plants are sent from a distant garden. If the plants are small and only one or two are requested, they will be sent by mail. Where possible, plants will be sent from the garden nearest the address given by the applicant.

Plants as a rule are shipped from the introduction gardens from December 1 to not later than April 15. Please state on the opposite side of this sheet when you will be ready to receive and properly care for the plants requested. This information will enable us to send plants to those who can care for them before the regular planting season. We have no facilities for holding plants after April 15.

PLEASE WRITE YOUR NAME AND ADDRESS LEGIBLY IN THE SPACES PROVIDED FOR THEM AT THE HEAD OF EACH CHECK LIST.
